Plan Number: E-EA-00087-U
(D-EA-021)

Mr. Fred Katterman
Islip Avionics
Long Island MacArthur Airport
135 Scheffer Drive
Ronkonkoma NY 11779

Dear Mr. Katterman:

The Federal Aviation Administration (FAA) has approved your enclosed anti-drug plan as a member of the Long Island Aviation Consortium. Our previous approval of your plan E-EA-00072-U (D-EA-004) is rescinded. Under the terms of this approval, you are required to implement your program immediately.

This approval is contingent on your continuing association with the Long Island Aviation Consortium as specified in your plan. Should you terminate the terms of your consortium membership, you must notify this office and submit an alternative plan for meeting the requirements of the drug testing program.

Your plan has been issued a new identification number shown at the top of this letter.

Sincerely,

William R. McAndrew

f Acting Manager, Drug Abatement Division
Office of Aviation Medicine
